

Message from the Board & CEO

Wednesday 22 June 2011

Message from The Hon Julia Gillard MP, Prime Minister of Australia

World FM Day 23 June 2011

As Prime Minister of Australia I acknowledge the FMA as part of the family of professional service providers who contribute to the successful provision of infrastructure in Australia. FMA members are engaged in an extensive range of activities including planning, design, financing, procurement, construction and maintenance for a diverse mix of public and private sector assets. Government and private sector infrastructure agencies require integrated and seamless services from a wide range of professionals including architects, engineers, planners, project managers, builders and members of the FMA to mention a few.

FMA members make a vital contribution to the sustainment of infrastructure. Your aim to develop facilities management as a profession with accredited qualifications is welcomed.

I hope that you will apply strategic thinking, innovation and collaboration to the projects in which you are involved. To rightly raise the standard and achieve the outstanding outcomes required of Australia's infrastructure.

I wish you well in your celebration of World FM Day and look forward to your ongoing contribution to infrastructure management in Australia.

A handwritten signature in black ink that reads 'Julia Gillard' in a cursive script. The signature is written over a thin horizontal line.

The Hon Julia Gillard MP

Prime Minister of Australia
